

Richmond Avenue Primary School

Behaviour Principles Statement

At Richmond Avenue Primary School our drive is to enable all pupils to achieve their very best in a pleasant and purposeful learning environment. All our staff follow our established behaviour management procedures and everyone in our community fully understands our high expectations.

We have 4 school rules:

1. We are safe
2. We are kind
3. We are responsible
4. We enjoy our learning!

If students do not engage with appropriate behaviours at school, there is a clear behaviour system that the school follows.

In specific cases, individual behaviour plans are also used to support behaviour where necessary.

Please view our behaviour management documentation for more information about our policy and procedures.
