

**RICHMOND AVENUE PRIMARY & NURSERY SCHOOL
PRIMARY SCHOOL SPORTS FUNDING IMPACT REPORT**

2019-20

Total Grant Amount:	£19,520 + 9,961 (CARRY OVER)
PE & School Sport Coordinator:	Mr S. Russell
PE & School Sport Governor:	None (previously Rev. Louise Williams)

Summary of Primary Sport Premium

VISION

Increasing participation in sport and games – improving outcomes for our children.

OBJECTIVES

- Enriching lives through providing greater opportunity to participate in a range of sports.
- Improving children’s fitness, health and general well-being through being more active.
- A greater understanding held by children of the benefits of a healthy lifestyle.
- A programme to encourage the teaching staff to actively support the above strategies.
- Continue to improve reputation of the school in this area of children’s learning experience.

PRIMARY SCHOOL SPORTS FUNDING - **RICHMOND AVENUE** (£19,520 + CARRY OVER of £9,961)

Area of Improvement	Action	Success Criteria	Cost
To maintain a minimum of two P.E. lessons a week for every child from Year 1 to Year 6.	Engage external agencies to deliver a variety of activities to children from Yrs 1-6 on the curriculum throughout the year.	Improved level of participation and incremental improvement in fitness and skill. Teachers feel more confident delivering P.E.	£8,190
Breakfast /After-School Clubs	Offering free places to children across multiple sports / activities. PP children are a priority.	External provider Overtime to allow SEN children <i>*Set aside for O/T for 1-2-1. Not all spent due to COVID restrictions.</i>	£3,255 (+ £600 est*)
To increase the knowledge and improve confidence in staff to deliver P.E. and Sport on and off the curriculum through targeted, professional development.	Heightening both the skills and confidence of staff delivering activities through a mixture of specific training and through observing qualified coaches.	Increase in quality of lessons and in time less dependency on external suppliers. See above*	£0

To continue to develop our existing facilities and maximise the use of same.	Ensure that our facilities are used to their full potential and that they continue to be developed to ensure they are 'fit for purpose'.	The facilities timetable to reflect the increase of activities year on year.	£3,068
To ensure that our P.E. kit and P.E resources remain readily available, and fit for purpose.	To continue to monitor the schools current and future needs and ensure that any gaps in the proposition are filled asap.	An annual audit to ensure that required resources continue to be available to staff and that future needs are fulfilled.	£204
Primary P.E. Association Fees (paid 2 years worth of subscriptions) for festivals and competitions.	Pupils experience a wider range of sports through organised inter-school competition.	More children involved in a greater number of competitions throughout the next 3 years.	£3,000
Rewards	Medals and stickers to recognise participation in <i>inclusive</i> school and/or intra-Academy events	Boost self-esteem in children who get limited opportunities to participate in sporting events.	£60
Transport Costs	Travel to/from competition. Sharing transport (and costs) with other schools within MAT where possible.	Safe, efficient conveyance of children to events. <i>*Set aside albeit not all spent due to COVID restriction.</i>	£1,000
			£19,377

Objectives 2019-20

The key objectives for 2019-20 are as follows:

- **PRIORITY** - Agree and begin the process this academic year of rolling our NEW Swimming Strategy (to be defined, but) in line with Swim England recommendations for *Primary School Swimming and Water Safety*.
- To ensure that every child from Years 1-6 continues to enjoy a minimum of 2x P.E. lessons a week and that staff are confident and incentivised to help deliver this.
- Maintain the 'Daily Mile' across school and ensure, where possible, that we honour the original ideals as outlined by the official organisation.
- Work with key stakeholders to ensure that 'Breakfast' and 'After School' Clubs are not at risk of disappearing despite the anticipated ending of Sports Premium Funding in July 2020.
- Create a further two new 'Active clubs' to attract children who do not attend existing sports clubs. Explore ways of recovering element of costs to run all/some sessions from parents.
- Look to outsource more sessions of our existing clubs run by school staff to external agents to enhance and refresh overall proposition and provide a more sustainable model going forward.
- Further develop sustainable strategies with other schools (particularly leverage the band-width of SECAT) to create more opportunities for our children to represent their respective primary school, at inter-school level.
- Maintain our Schools Games Gold Award status for another year.

13

Objective	Impact	Details
<p>PRIORITY - Agree and begin the process this academic year of rolling our NEW Swimming Strategy (to be defined, but) in line with Swim England recommendations for <i>Primary School Swimming and Water Safety</i>.</p>	<p>✓ ✓ ✓</p>	<p>Designed, piloted and successfully rolled out during the Autumn and Spring Term. Due to COVID 19 swimming was abandoned in March 2020. Ensures we use our limited pool time as intelligently as we can by concentrating on children in most need. Will improve our ratio of children meeting expected standard in Year 6 due to the modular approach.</p>
<p>To ensure that every child from Years 1-6 continues to enjoy a minimum of 2x P.E. lessons a week and that staff are confident and incentivised to help deliver this.</p>	<p>✓ ✓ ✓</p>	<p>Using the Sports Premium continued provision of quality PE lessons throughout the year for all children in Year 1-6. Teachers attend in line with rules around Sports Premium 'spend' as part of their CPD. Fitter, more enthused and energised children reported in all year groups.</p>
<p>Maintain the 'Daily Mile' across school and ensure, where possible, that we honour the original ideals as outlined by the official organisation.</p>	<p>✓ ✓</p>	<p>Much improved levels of regular participation across the school during the year. Will have certainly complimented the other initiatives in terms of maintaining fitness and mental and physical well-being amongst the children.</p>
<p>Work with key stakeholders to ensure that 'Breakfast 'and 'After School' Clubs are not at risk of disappearing despite the anticipated ending of Sports Premium Funding in July 2020.</p>	<p>✓ ✓</p>	<p>Funding now has been guaranteed for another year and work will continue to establish the current (and future) clubs continue on a sustainable basis.</p>
<p>Create a <u>further</u> two new 'Active clubs' to attract children who do not attend existing sports clubs. Explore ways of recovering element of costs to run all/some sessions from parents.</p>	<p>✓ ✓</p>	<p>One new Active Club was established but a second, due to start in Summer H1, was thwarted due to COVID-19 outbreak.</p>
<p>Look to outsource more sessions of our existing clubs run by school staff to external agents to enhance and refresh overall proposition and provide a more sustainable model going forward.</p>	<p>✓</p>	<p>As above re COVID-19, discussions to resume this year to increase parent contributions to sustain all of our clubs and reduce the reliance on Sports Premium Funding save for low income families.</p>
<p>Further develop sustainable strategies with other schools (particularly leverage the band-width of SECAT) to <u>create more opportunities</u> for our children to represent their respective primary school, at inter-school level.</p>	<p>✓ ✓</p>	<p>Reduced calendar of events due in part to COVID-19 - but also to increased workload and SECAT's changes to strategic priorities that directly or indirectly impacted on a number of events scheduled in the Autumn and Spring Terms.</p>
<p>Maintain our Schools Games Gold Award status for another year.</p>	<p>N/A</p>	<p>Due to COVID-10 the School Games Award was cancelled for 2020.</p>
