

RICHMOND SCHOOL NEWSLETTER

LEARNING AND ACHIEVING TOGETHER

Summer Newsletter 4, 13th May 2022

Greetings from Richmond Avenue This Week...

Since the last newsletter was written, there's been lots more going on in school.

- Year Six have worked hard and shown real maturity in completing all their SATs tests—we are very proud of you all!
- More year groups have gone to Shoebury for PE lessons and worked together to show great team spirit and perseverance
- Reception have been creating some amazing alien images—that they are now writing sentences about their aliens.
- Year two have been learning about countries different to our own and have even packed a suitcase for travels to Africa!

Swimming Lessons

As you are aware, due to issues at the pool and SAT's we have had to make adaptations to some of the swimming lessons planned for years 4 & 5 this half term. If your child has missed a swimming session, we recognise that these have already been paid for and will be ensuring that there will be additional sessions to make up for lost sessions after half term. Letters will come out closer to the time to confirm dates and days.

My Child At School (Bromcom)

Thank you to all the families that have now signed up to the app to enable further enhanced communication with the school. If you have not yet signed up / need help registering, please just contact the school office who can assist.

In addition, please ensure that your most up to date email address is shared with the office, either through the MCAS App or by contacting the office.

Friendship Bench Competition

Well done to all those that have already submitted their entries to the 'Design our Friendship Bench' competition.

Entries close on Friday 20th May so make sure you bring in your designs and give to the office before next Friday—good luck everyone, we look forward to seeing your creativity and Friendship spirit!

**Be Kind, Be Safe,
Be Responsible,
Enjoy Learning**
